SMART INNOVATIONS

RELIABLE PERFORMANCE

Brantford High-Arc Hands-Free Single-Handle Pull-down Faucet with MotionSense 7185ESRS
Faucet shown in Spot Resist™ Stainless finish.

MAKE EVERYDAY LIFE A LITTLE MORE SPECIAL.

reflex No other pulldown faucets are as easy to use as Moen faucets with the Reflex™ pulldown system. It's the most maneuverable, easiest to extend design ever created. Even the sprayer returns completely and securely without any assistance, no matter where you release it.

motionsense™ Imagine the convenience of having a kitchen faucet that can sense what you're trying to accomplish and respond to what you need, the moment you need it. MotionSense does. With MotionSense, you can use simple hand movements to turn the water on and off. This hands-free convenience lets you speed through everyday tasks with greater ease and efficiency. Plus, being able to use the faucet without having to touch it helps you control the spread of dirt and germs-reducing the chances of cross-contamination and minimizing the need to repeatedly clean your faucet.

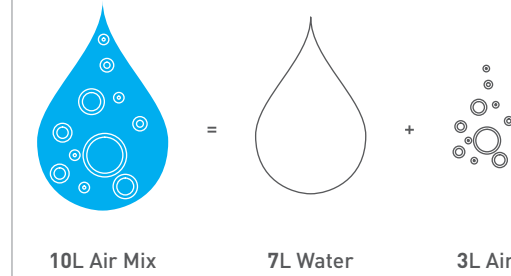

io DIGITAL™ The ioDIGITAL™ controller lets you key in and maintain both temperature and flow with electronic precision. Once you have achieved your perfect combination of temperature and flow, ioDIGITAL can recall that exact experience at the touch of a button.

SPOT RESIST Spot Resist does just what it says-resists fingerprints and water spots-so you'll have one less thing you need to clean every day. This attractive finish maintains the brilliance of your faucet so you can spend more time enjoying your home... and less time cleaning it. And when it is time for periodic cleaning, Spot Resist easily wipes clean.

AIR-IN Moen advance air-in technology mixes abundant air into the water, generates higher pressure intensity, it can save 30% water compare with traditional hand shower. You can experience higher shower comfort with less water consumption. Droplets mixed with air become softer, lighter and voluminous, enliven your skin.

IMMERSION rainshower technology Immersion® Rainshower Technology and biomimicry create maximum water force and coverage for an invigorating shower experience.

JUST A FEW OF THE REASONS YOU'LL LOVE LIVING WITH MOEN.

M-PACT®

Changing the look of your bathroom has never been fast or easier. The M-PACT® Common Valve System allows you to upgrade the trim style or swap out finishes on your fixtures without replacing the valves. So once the system is in place, you can change your decor as often as you want and at any point in time – during the construction process or years down the road. All it takes is a few minutes.

WaterSense®

Since 1982, Moen started to invent innovative production process and products to save water and avoid wastage. Nowadays, Moen still keeps the effort to produce the best products to our value customers. All US imported faucets meet WaterSense® labelling criteria, the flow rate is 32% to 45% less than traditional similar products, they can save water without scarify the performance.

Duralast

In 1937, Moen invented a mixing cartridge that led to the creation of the single-handle faucet. Moen has once again revolutionized the industry with the introduction of the 1255 Duralast cartridge – an exciting proprietary cartridge design that offers the smooth feel and reliable operation of a new faucet from the first time you use it to the last.

Thermostatic

Moen thermostatic faucet adopts imported thermostatic cartridge with precise temperature control, you don't need to worry about unstable temperature anymore. With anti-scald protection design, the maximum temperature is limited to 49°C, it can protect your child and aged from scald. The high flow spout can output maximum 20L/min, you can enjoy the showering comfort and release your daily stress completely.

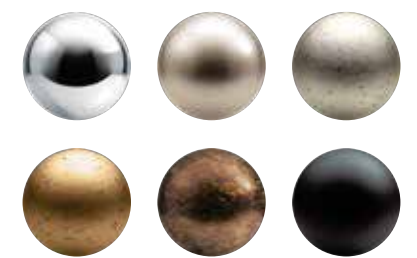

Extra Durable

500,000 cycles water testing without leakage. 5 years warranty for cartridges

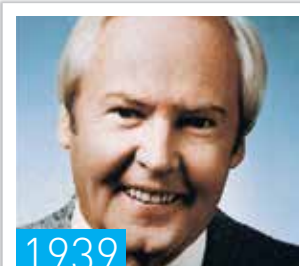

Variety of Finishes

Innovative LifeShine® coating technology provides wide range of finishes. They pass all kinds of stringent tests to meet ASTM standard.

MOEN'S HISTORY

1939

Al Moen designs the first single handle mixing faucet.

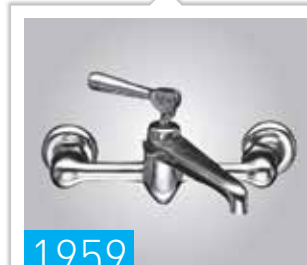

1985

Moen's sales increases rapidly and its turnover reaches US\$20 million worldwide.

1997

Lifeshine finish is introduced.

1959

FORTUNE Magazine names single-handle faucet one of best-designed mass-produced products.

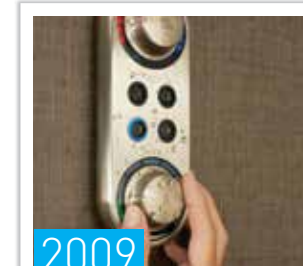

1997

Moen becomes the No.1 brand in U.S. and North America.

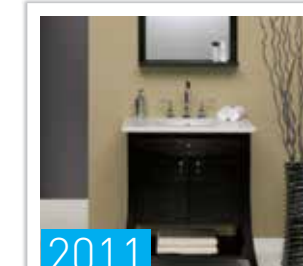

2000

M•Pact system is introduced, providing convenient and easy faucet installation.

2009

Moen revolutionizes the bath with ioDIGITAL™.

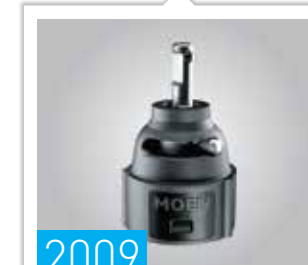

2011

Bathroom furnitures are introduced in Asia.

2014

We've been creating innovations that enhance people's lives for 75 years. It's a principle that's at the core of who we are, and it serves as the foundation for every faucet and feature we design.

2009

The 1255™ Duralast™ Cartridge is introduced, providing smooth handle feel for lifetime of the faucet.

2012

MotionSense™ digital convenience for kitchen faucets is introduced.

WE'RE JUST WARMING UP

ioDIGITAL®

VERTICAL SPA

The ultimate blend of the technology and luxury. The ioDIGITAL® vertical spa controller puts you in command of precise temperature and flow, four custom presets and one-touch activation of multiple water spray outlets as well. Switch from shower to body spray, tub spout, hand shower or rainshower, or choose them all.

- Four programmable presets.
- LCD screen displays temperature and active water spray outlets.
- Pause feature briefly interrupts your shower while you shampoo or shave, then returns to your settings.
- Optional remote control lets you turn on your shower from across the room or while still in bed.

Controller **TS3420***

* Requires rough in S3384

Remote **SA340**

Available in Chrome or Black (BL) only

ioDIGITAL® technology is powered by an electronic valve that manages your hot and cold water supply. This innovative valve can be located in a linen closet, basement or under the tub-up to 20 feet from your bathroom for easier installation and retrofit flexibility.

Valve **S3384**

CUSTOM SHOWERING OPTIONS

A SHOWER CAN SET THE TONE FOR YOUR DAY.

It can relax your muscles or invigorate your spirit. It can literally transform the way you feel.

A shower that's uniquely you - one with the ideal combination of beautifully styled trim in just the right finish with features that are customized to your every need and desire - becomes an experience that is not just personalized, but perfected.

MAKE IT YOUR OWN

As the leader in the industry, Moen offers you the ultimate flexibility to create just about any showering experience you can imagine.

You'll even find innovations that use water more efficiently without sacrificing performance. All in the look you love. Which means it's easy for you to turn dream design into a showcase shower.

Ask your showroom representative to help you assemble the right products to match your idea of extraordinary.

With a Moen Multi-Function showerhead, you can go from a relaxing rainshower to a concentrated rinse at the flip of a lever. Immersion® Rainshower Technology creates three times more spray power than traditional rainshowers for better performance.

Use body sprays to direct a vigorous flow of water at any, or every, inch of your body. Moen flushmount models feature a wider angle of pivot for more precise aim and more complete coverage.

For added indulgence, install a ceiling-mounted showerhead to replicate the tranquil, water-drenching sensation of being in a soothing rain shower.

Go beyond the standard showerhead. Install a hand shower to get a wide range of motion and spray water only where you want it. Ideal for bathing kids and pets, and a safe option for those who need to sit while in the shower.

SHOWERHEAD

UNTIL NOW, RAINSHOWERS CREATED VERY LITTLE PRESSURE IN THE SHOWERHEAD CAVITY FOR WATER DELIVERY.

Immersion® Rainshower Technology channels water through a spoke design—concentrating and magnifying the natural force of your water to dramatically enhance your showering experience. Moen also offers WaterSense®-certified rainshowers, which help conserve water while maintaining a great shower experience.

TWO-FUNCTION RAINSHOWER

Moen's multi-function rainshowers go from an 8" spray face rainshower to revitalizing rinse with the flip of a lever. You get two refreshing experiences from one showerhead.

NEW!

motionsense™

WAVE GOODBYE TO CHORES AND HELLO TO HANDS-FREE CONVENIENCE.

Imagine the convenience of having a kitchen faucet that can sense what you're trying to accomplish and respond to what you need, the moment you need it. MotionSense does.

With MotionSense, you can use simple hand movements to turn the water on and off. This hands-free convenience lets you speed through everyday tasks with greater ease and efficiency. Plus, being able to use the faucet without having to touch it helps you control the spread of dirt and germs—reducing the chances of cross-contamination and minimizing the need to repeatedly clean your faucet.

THREE WAYS MotionSense™ RESPONDS TO YOU.

1. Pass your hand over the **Wave Sensor** at the top of the faucet spout. MotionSense will turn your faucet on and run water until you turn it off. Great for filling large pots and washing dishes.
2. The **Ready Sensor** detects when you place your hands or an object below the spout and supplies water only until you exit the sensor zone. That means you'll use water more wisely when you need to wash your hands or rinse a plate.
3. Use the **handle** at any time to turn on the faucet or adjust flow and temperature.

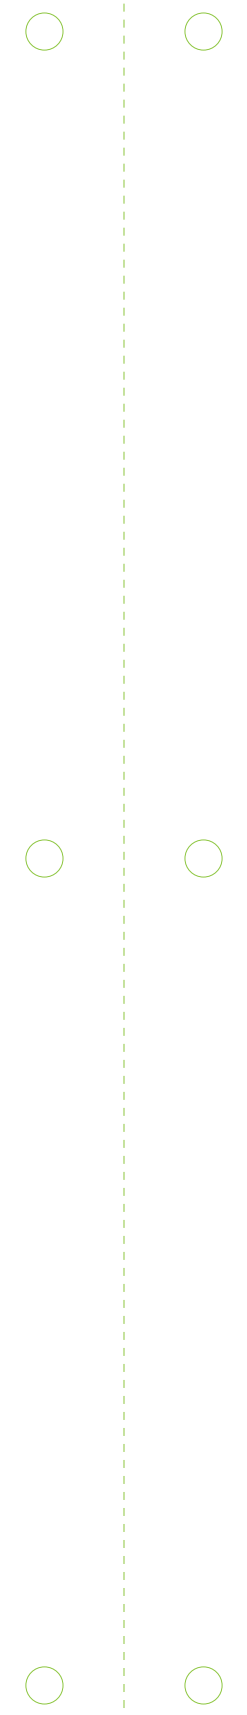

SMART INNOVATIONS

RELIABLE PERFORMANCE

BRANTFORD™ AND ARBOR® WITH MOTIONSENSE™

MotionSense provides the convenience of having a kitchen faucet that can literally sense what you're trying to accomplish and respond to what you need, the moment you need it. That's because MotionSense activates flow based on simple hand movements. This convenient, hands-free control assists in accomplishing routine tasks with greater speed and efficiency. MotionSense is now available on faucets in our traditionally styled Brantford collection or with the tailored look of our transitionally styled Arbor collection.

reflex

A TRULY USER-FRIENDLY EXPERIENCE.

The Reflex® system is a comprehensive collection of features and design enhancements created to optimize hose and sprayer operation on Moen pulldown kitchen faucets. These improvements combine to work in concert with each other—enhancing overall functionality and usability, and delivering a truly user-friendly experience.

PULLDOWN FAUCETS

EASIEST TO PULL DOWN

Compared to any other pulldown design, Reflex makes Moen pulldown faucets at least 40% easier to unlatch and extend.*

EXCEPTIONAL RANGE OF MOTION

Combined with an ultra-flexible hose, the spray wand swivels to offer a wide range of motion and effortless, natural response.

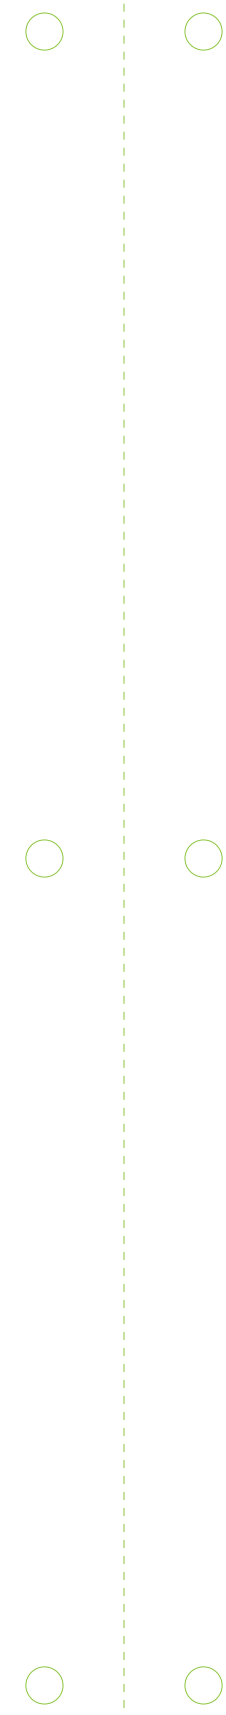

SELF-RETRACTING ACTION

Only pulldown faucets with the Reflex system will retract to the docked position for any distance without additional assistance.

* Test measured pounds of force required for straight extraction of sprayer from spout.

STō™

IT'S WHAT YOU DON'T SEE THAT MAKES ALL THE DIFFERENCE.

The pulldown wand blends seamlessly into the slim faucet neck for an impeccably put-together look that keeps modern conveniences concealed. Precision lines from top to bottom create a style that can be carried throughout contemporary kitchens.

- Uses 1248 cartridge
- Test plug included

Roman Tub Valve 1/2" PEX / CPVC with built-in hand shower diverter 9793

- M•PACT® common valve system
- No-cut spout shank
- Fits 1/8" to 2-5/8" deck thickness
- 1/2" PEX connections with 2 CPVC adapters
- Uses 1248 cartridge
- Test plug included

Tub / Shower

How to order a complete Tub / Shower Faucet?

Valve Part No. Trim Part No. Complete Tub / Shower Faucet

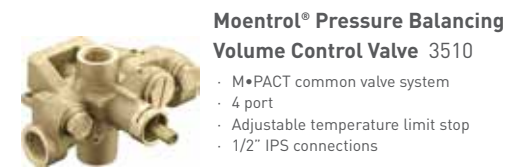

Vertical Spa Systems

How to order a complete Vertical Spa Set?

Valve Part No. Valve Part No. Trim Part No. Complete Vertical Spa

Moentrol®

Moentrol® Pressure Balancing Volume Control Valve 3510

- M•PACT common valve system
- 4 port
- Adjustable temperature limit stop
- 1/2" IPS connections

ExactTemp 3/4" Thermostatic

ExactTemp Vertical Spa System Thermostatic Valve with stops S3371

- M•PACT common valve system
- Set precise temperature
- Integral override feature
- 4 port
- 3/4" IPS connection
- Must be used with at least one S3600 valve

Posi-Temp®

Posi-Temp® Pressure balancing cycling valve 2510

- M•PACT common valve system
- Without volume control
- 4 port
- Adjustable temperature limit stop
- 1/2" IPS connections

Moentrol® Pressure Balancing Volume control with built-in three-function Transfer valve with integral check stops / 3320

- M•PACT common valve system
- 2 discrete functions, 1 shared function
- Adjustable temperature limit stop
- 1/2" IPS connections
- Not recommended for tub spout application

Volume Control Valve S3600

- M•PACT common valve system
- Precise flow control
- 3/4" IPS connections

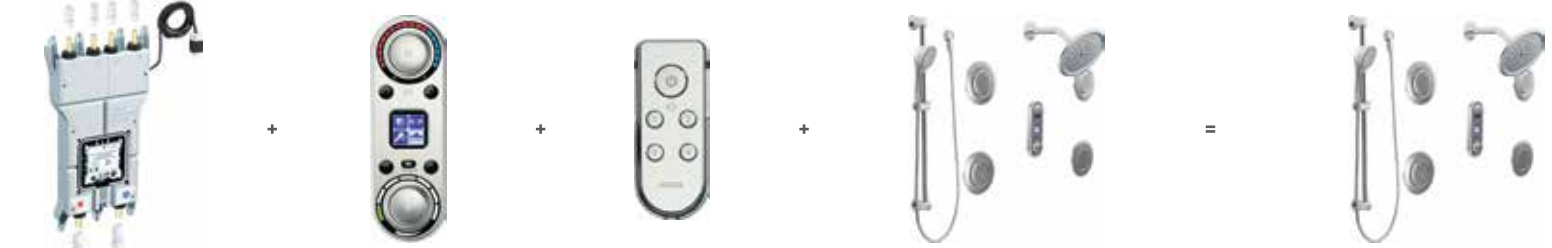

Three-function Transfer Valve 3372 NEW

- M•PACT common valve system
- 2 discrete functions and 1 shared
- Must be used with mixing valves
- 1/2" CC connections Posi-Temp® or Moentrol®

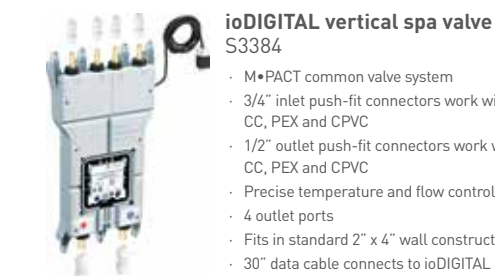

ioDIGITAL™ Valve System

How to order a complete ioDIGITAL vertical spa?

Valve Part No. Controller Remote (Optional) Showering Trim Part No. Complete ioDIGITAL Vertical Spa

ioDIGITAL™ the ultimate blend of technology and luxury - puts you in control of precise temperature, flow and custom presets.

ioDIGITAL vertical spa valve S3384

- M•PACT common valve system
- 3/4" inlet push-fit connectors work with CC, PEX and CPVC
- 1/2" outlet push-fit connectors work with CC, PEX and CPVC
- Precise temperature and flow control
- 4 outlet ports
- Fits in standard 2" x 4" wall construction
- 30" data cable connects to ioDIGITAL controller
- Power cable included

ioDIGITAL shower valve S3381

- M•PACT common valve system
- 1/2" push-fit connectors with stop work with CC, PEX and CPVC
- Precise temperature and flow control
- Fits in standard 2" x 4" wall construction
- 30" data cable connects to ioDIGITAL controller
- Power cable included

ioDIGITAL roman tub valve S4994

- M•PACT common valve system
- 1/2" push-fit connectors with stop work with CC, PEX and CPVC
- Precise temperature and flow control
- Fits in standard 2" x 4" wall construction
- 30" data cable connects to ioDIGITAL controller
- Power cable included

COMPARING AND CHOOSING A MOEN® SHOWER VALVE

Valve Options : At-A-Glance

Get the benefits your family needs.

Comfort Features

Temperature consistency

Water temperature won't fluctuate even as the hot water in your tank gets lower.

ioDIGITAL™ Vertical Spa Valve	ioDIGITAL™ Shower Valve	ExactTemp® 3/4" Thermostatic Valve	Moentrol® With three-function Transfer Valve	Moentrol® Pressure-balancing Volume Control Valve	Posi-Temp® Pressure-balancing Cycling Valve	Posi-Temp® Two or Three Function Transfer Valve
•	•	•				

Maximum-flow vertical spa experience

Provides the greatest balance of force, flow and coverage in a Moen vertical spa.

ioDIGITAL™ Vertical Spa Valve	ioDIGITAL™ Shower Valve	ExactTemp® 3/4" Thermostatic Valve	Moentrol® With three-function Transfer Valve	Moentrol® Pressure-balancing Volume Control Valve	Posi-Temp® Pressure-balancing Cycling Valve	Posi-Temp® Two or Three Function Transfer Valve
•		•				

Vertical spa-compatible

Add an extra showerhead, hand shower or design a complete vertical spa experience.

ioDIGITAL™ Vertical Spa Valve	ioDIGITAL™ Shower Valve	ExactTemp® 3/4" Thermostatic Valve	Moentrol® With three-function Transfer Valve	Moentrol® Pressure-balancing Volume Control Valve	Posi-Temp® Pressure-balancing Cycling Valve	Posi-Temp® Two or Three Function Transfer Valve

Convenience Features

Precision thermostatic control

Dial up the same water temperature every day, just like a thermostat.

ioDIGITAL™ Vertical Spa Valve	ioDIGITAL™ Shower Valve	ExactTemp® 3/4" Thermostatic Valve	Moentrol® With three-function Transfer Valve	Moentrol® Pressure-balancing Volume Control Valve	Posi-Temp® Pressure-balancing Cycling Valve	Posi-Temp® Two or Three Function Transfer Valve
•	•	•				

Volume control

Lets you adjust the amount of water that flows through your tub/shower from a gentle stream to full-force.

ioDIGITAL™ Vertical Spa Valve	ioDIGITAL™ Shower Valve	ExactTemp® 3/4" Thermostatic Valve	Moentrol® With three-function Transfer Valve	Moentrol® Pressure-balancing Volume Control Valve	Posi-Temp® Pressure-balancing Cycling Valve	Posi-Temp® Two or Three Function Transfer Valve
•	•	•***	•	•		

Temperature memory

Dial stays in the same temperature position you last used and returns to that temperature within a few seconds.

ioDIGITAL™ Vertical Spa Valve	ioDIGITAL™ Shower Valve	ExactTemp® 3/4" Thermostatic Valve	Moentrol® With three-function Transfer Valve	Moentrol® Pressure-balancing Volume Control Valve	Posi-Temp® Pressure-balancing Cycling Valve	Posi-Temp® Two or Three Function Transfer Valve
•	•	•	•	•		

Safety Features

Maximum temperature setting

You can predetermine the hottest temperature setting before installation.
