

Dear Customer

Thank you for selecting a Moen product. Engineered for durability, each product is built using the best materials and the latest manufacturing technology. We are confident you will enjoy it for years to come.

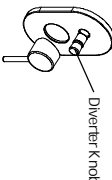

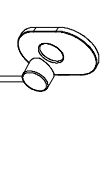

TRIM KIT FOR ONE-HANDLE TUB/SHOWER FAUCET & SHOWER ONLY FAUCET

INSTALLATION AND CONNECTIONS

The product has been passed the functionality test before ex-factory, please do not dismantle by yourself at will. Please ensure there are no hidden service pipes and cables where you intent to drill. Please ensure line trash are cleared away from the inside service pipes so to avoid any blocking for the quality of water spray. Please be careful of your safety while drilling and installing. We reserve the rights to alter the structure of the product without any notice.

CLEANING

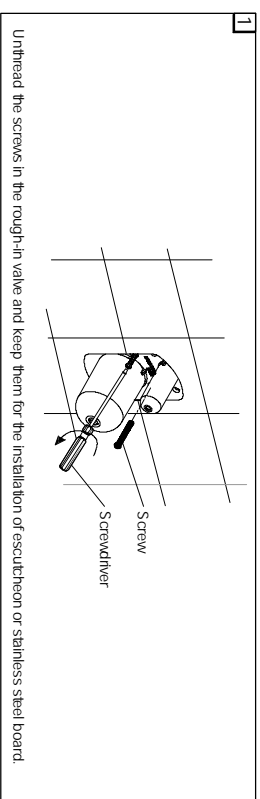

Care should be given to the cleaning of this product. Although the finish is extremely durable, it can be damaged by harsh abrasives or polish. To clean, simply wipe gently with a damp cloth, and dry with a soft towel.

Actual products appearance may differ from images. Please refer to actual products.
